**R269.00****Celebrating many Milestones since 1987!**

From humble beginnings in Jacobs, KZN in 1987, brothers Celes and Gino da Silva started EIS with a means to supply quality local and imported products to businesses and individuals.

Today, with 2 branches in KZN and 1 in Gauteng, EIS has grown to become one of S.A.'s Largest Professionally-Run Independent Engineering & Industrial Suppliers.

The success of the company can be attributed to the ambitions and hard work of the owners, dedicated team and the innovative self-service set up which has since been copied but never mastered by our competitors.
